

SCRUBTEC R 5 range – WHY COMPROMISE

Battery powered automatic ride-on scrubber

Nilfisk ALTO

Why Compromise

Being fun to operate generates high productivity

The SCRUBTEC Rider is available in three versions; two sizes of disc scrub-deck, or one cylindrical brush. All are 36 Volt battery driven.

The SCRUBTEC R 571 S, R 586 S and R 571 CS ride-on scrubber dryers are not only fun to operate, they are also the ideal solution for high speed scrubbing.

Typical applications can be found in retail stores, distribution centres & warehouses, hospitals, office buildings and at schools & universities.

With the high speed scrubbing, and close edge cleaning, secondary operations are eliminated.

The machines provide you with the best traction in double scrubbing and ramp cleaning. And they provide safety, not only for the operator, but also for the people walking where the machines have cleaned because they leave the floor dry to reduce slip and fall hazards.

Traverse, steering and scrubbing functions are all located in one ergonomic joystick control. Furthermore there are no inconvenient pedals or steering wheels.

The SCRUBTEC R 5 range keeps the focus on the operator with comfort, safety and fun... and for the buyer with productivity, employee satisfaction and labour savings.

High productivity

- Cleaning speed variable in three speeds (0 - 3.4, 0 - 5.0 and 0 - 6.6 km/h)
- Automatic On-Board Charger
- Close edge cleaning
- Superior traction thanks to dural rear wheel drive
- 1830 mm aisle turning radius
- Complete water pick-up on turns with Accu-Track™ side squeegee
- Traverse speed proportional to steering
- Rear wheel transaxle drive
- Solution level indicator
- Adjustable high brush pressure
- Large battery compartment ensures long running time

Long life – low maintenance costs

- Brush head moves sideways upon impact
- Battery low voltage brush shut-off
- Recovery tank clean-out port (Standard)
- Automatic constant brush pressure
- Automatic brush and solution on and off

Driver comfort

- Best operator line of sight to optimize the cleaning path
- Easy to change brush deck
- LCD control & status function display
- One button scrub control with memory

Focus on safety

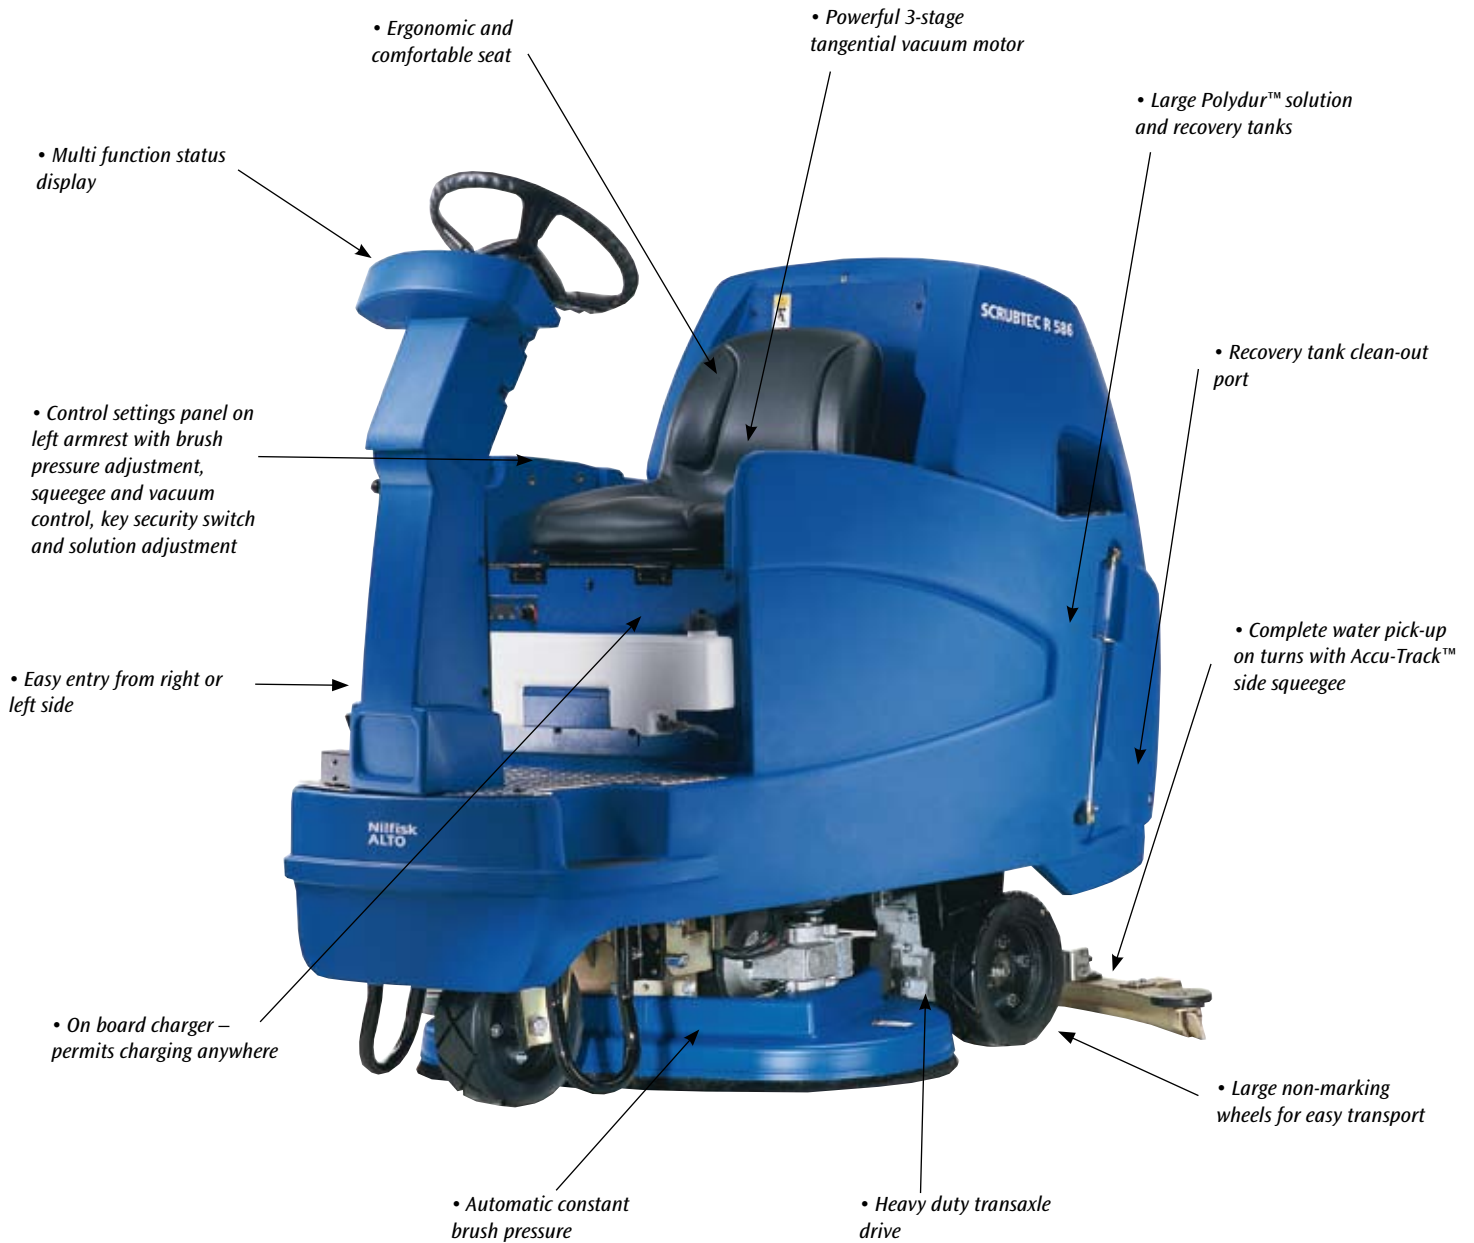

- Excellent line of sight
- Fast response braking
- Automatic parking brake
- Dead man seat switch
- Non-skid deck plate
- Easy entry from right or left side
- Traverse controlled steering eliminates tipping in turns
- Back-up alarm & horn
- Seat belt (option)
- Extremely stable thanks to the low center of gravity

Flexible in use

- Retail Stores
- Distribution Centres
- Warehouses
- Hospitals
- Industry
- Municipality
- Office Buildings
- Schools & Universities
- Cleaning Contractors

Value for money

Choose the perfect scrubber for your needs

The SCRUBTEC R 5 series offers a choice of three models: Two rotary models and one cylindrical model, available with either 710 mm or 860 mm cleaning path. We also provide a wide range of options so you can custom-build your scrubber to match your specific cleaning needs.

Options

- Selection of batteries
- Pad driver, different pads
- Nylon, Universal, Polypropylene, Light Grit, Clean Grit and Super Grit brushes
- Selection of different squeegee blades
- ESP - Extra Scrub Productivity, Recycling
- Off Aisle Spray & Vac Wand
- Recycle solution system
- Deluxe seat and seat belt
- Amber caution strobe light
- Headlight
